

MUHAMMAD UMAR ANSARI

Front-End / Full-Stack Web Developer

Rawalpindi, Pakistan • 0342-5161505 • mumaransari1607@gmail.com • [Portfolio](#) • [GitHub](#) • [LinkedIn](#)

SUMMARY

Web developer with hands-on experience shipping and maintaining live, production websites — including two independently built business sites currently serving real customers — alongside a front-end internship using React.js, Tailwind CSS, and Firebase. Comfortable owning a project end-to-end: design, development, deployment, and iteration. Looking for a front-end or full-stack role to build on that track record.

EXPERIENCE

Web Developer Intern | *Dev Elite Tech, Islamabad*

Mar 2025 – Jun 2025

- Built 3 responsive product-launch webpages using React.js and Tailwind CSS.
- Collaborated with a 4-person team to integrate Firebase for user authentication and data storage.
- Optimized image assets and lazy-loaded components, improving page performance by 30%.

PROJECTS

Musa Transport Services — umarhtransport.com *(Live)*

- Designed and built a live business website for Hajj & Umrah pilgrim transport services from scratch.
- Handled full deployment and ongoing maintenance for real paying customers, not just a demo project.

Royal VIP Limos — royalviplimos.com *(Live)*

- Designed and developed a full business website for a VIP limousine service, covering layout, booking-facing pages, and responsive design.
- Managed the project independently end-to-end, from concept through live deployment.

Personal Portfolio — <https://umar-two.vercel.app>

- Built a responsive portfolio with scroll animations, project filtering, and a working contact form; deployed on GitHub Pages.

SKILLS

Front-End: HTML5, CSS3, JavaScript (ES6+), React.js, Bootstrap, Tailwind CSS, Responsive Design, Figma-to-Code
